und Biotechnologie e.V.

INVITATION & CALL FOR PAPERS

11 - 15 Mai 2025

Bad Gögging (close to Munich) · Germany

17th PPEPPD

International Conference on Properties and Phase Equilibria for Product and Process Design

www.dechema.de/ppeppd2025

INVITATION

The particular times in which we are living require new answers to the current challenges we are facing in energy efficiency, decarbonization, circularity, new materials and digitalization. In the 17th PPEPPD conference edition, we aim to respond to these challenges through the contribution to the design of safe, healthy, and sustainable processes and products.

PAPER SUBMISSION

You are cordially invited to contribute to the scientific programme with a lecture or poster with focus on the following topics:

Fundamentals

- » Phase equilibria and transport properties
- » Surfaces, interfaces, and confined media
- » Metastable states
- » Simulations at different levels and force field developments

Applications

- » Advances in reaction and separation technologies
- » Tailoring of materials
- » Clean and renewable electrical energy production
- » Pharmaceuticals, food, agrochemicals

Deadline for paper submission:
15 August 2024

SPONSORING OPTIONS

If you are interested to become a sponsor of PPEPPD 2025, please contact the Congress Office or the Local Organization Committee.

LOCAL ORGANIZATION COMMITTEE (LOC)

Chair PPEPPD2025

Prof. Sabine Enders, KIT, Germany

Prof. Joachim Groß, University of Stuttgart, Germany

Prof. Gabriele Sadowski, TU Dortmund, Germany

Prof. Hans Hasse, RPTU Kaiserslautern, Germany

Nina Weingärtner, DECHEMA e.V., Germany

VENUE

The Monarch Hotel Bad Gögging

close to Munich/Germany
